**Do you have a payment integrity case study or best practice to share? Can payment integrity leaders learn from your experiences or your expertise?**

If so, submit a presentation idea to lead an educational session at POP Conference 2025!

## We're looking for:

- **Stories of human impact.** Make the connection between Payment Integrity innovation and its impact on important healthcare stakeholders – teams, providers, clients, members, vendors.
- **Payment integrity professionals at all career stages.** We can learn from your years of experience or your fresh perspective.
- **Experienced and non-experienced speakers.** Bring your well-tuned presentation skills, or work with POP Conference staff to sharpen your presentation style.
- **Diversity of perspectives.** We want to hear from analysts, people and program leaders, executives, and others from different lines of business, geographic areas, and plan sizes.

## Proposal Guidelines

Submissions from the health plan perspective will be prioritized. Proposals solely promoting company products or services will not be considered. However, proposals from thought leaders – including vendors – that showcase unique industry perspectives or innovative technologies to improve payment integrity will be evaluated for program fit.

Hotel accommodations will be covered for selected speakers. Sessions will be presented live in Nashville, Tennessee, April 22 - 23, 2025.

**Proposal deadline is August 31, 2024.** Proposals selected for inclusion in the program will be notified by September 30, 2024.

## Session Details

### Session Title
This will be used for printing in the final program. **(Max 80 characters)**

### Session Description
This year's theme is "Payment Integrity: It's personal." Your description should include how the topic impacts key PI stakeholders (teams, providers, partners, members, clients). **(Max 500 characters)**

## Session Learning Objectives
